#### OTHER INFORMATION - UNAUDITED

The Library's Annual Financial Report information can be found on the Indiana Gateway for Government Units website: <a href="https://gateway.ifionline.org/">https://gateway.ifionline.org/</a>.

Differences may be noted between the financial information presented in the financial statement contained in this report and the financial information presented in the Library's Annual Financial Report referenced above. These differences, if any, are due to adjustments made to the financial information during the course of the audit. This is a common occurrence in any financial statement audit. The financial information presented in this report is audited information, and the accuracy of such information can be determined by reading the opinion given in the Independent Auditor's Report.

The other information presented was approved by management of the Library. It is presented as intended by the Library.

#### Other Matters

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the Library's financial statement. The Combining Schedule of Receipts, Disbursements, and Cash and Investment Balances - Regulatory Basis, Schedule of Leases and Debt, and Schedule of Capital Assets, as listed in the Table of Contents, are presented for additional analysis and are not required parts of the financial statement. They have not been subjected to the auditing procedures applied by us in the audit of the financial statement and, accordingly, we express no opinion on them.

**Estimating Historical Cost** 

- "Going Price" at the time of acquisition
- Consumer Price Index calculation

#### ESTABLISHING THE ESTIMATED COST OF CAPITAL ASSETS

When it is not possible to determine the historical cost of capital assets owned by a governmental unit, the following procedure should be followed.

Develop an inventory of all capital assets which are <u>significant</u> for which records of the historical costs are not available. Obtain an estimate of the replacement costs of these assets. Through inquiry determine the year or approximate year of acquisition. Then multiply the estimated replacement cost by the factor for the year of acquisition from the Table of Cost Indexes. The resulting amount will be the estimated cost of the asset.

In some cases estimated replacement cost can be obtained from insurance policies; however, if estimated replacement costs are not available from insurance policies, you should obtain or make an estimate of the replacement costs.

If the replacement cost is estimated to be \$76,000.00 and the asset was constructed about 1930, then the estimated cost of the asset should be reported as \$5,320.00.

#### \$76,000.00 X .07 = \$5,320.00

#### TABLE OF COST INDEXES 1922 to 2017

Year	Index	Year	Index	<u>Year</u>	Index	Year	Index
2017	1.00	1993	.59	1969	.15	1945	.07
